

Entry: main

```
graph TD; A[Entry: main] --> B[output iterate(6)]; B --> C[return 0]; C --> D[Exit: main];
```

The flowchart illustrates the execution of the main function. It begins with a green box labeled 'Entry: main'. An arrow points down to a light blue box labeled 'output iterate(6)'. Another arrow points down to a second light blue box labeled 'return 0'. A final arrow points down to a red box labeled 'Exit: main'.

output iterate(6)

return 0

Exit: main
